CAPTURED 600 MEN AND 12 MACHINE GUNS IN NEW ADVANCE.

## FRANKFORT WOMEN PARADED

Sacked Butcher Shop—American Is Decorated By Shooting Down Fokker.

(Associated Press)  
Lieut. William Thaw, an American, shot down a Fokker machine yesterday in the Verdun region. He has been twice decorated for his exploits in the air, Paris says. There has been little change in the Verdun region since yesterday.

**Allies Offensive.**  
Exceptional military activities in Saloniki are believed to portend a general offensive movement by the allies, Athens reports.

**Women Sack Shop.**  
A Hague dispatch says that after sacking a butcher shop, 350 women carrying black famine flags marched the streets of Frankfurt-on-Main on Wednesday. They were charged by police soldiers with swords and 18 were wounded.

**Germans Cross Ravine**  
Berlin announced today that the Germans had crossed the Douaumont ravine, south of the fort, and had captured 600 men and 12 machine guns.

**Sees a Deadlock.**  
Wilson's address tomorrow night is expected to be in the nature of preliminary overtures. The president is convinced the war is a deadlock and that its continuance merely means the killing of more people and further impoverishment of European nations, belligerent and neutral.

Paris, May 26.—Continued retreats of the French before German onslaughts on the right bank of the Meuse are officially admitted in the midnight communique from Paris. A French defeat between Haudromont and Thiamont farm, near Douaumont, is reported.

**Tide With Germans.**  
London, May 26.—The tide of battle which has swept back and forth with unequalled fury around Verdun for the past week has turned strongly in favor of the German forces again, driving the French from their hard-won positions at the Haudromont quarry, sweeping them further southward below the ruins of Fort Douaumont and tossing them back helpless when they attempted in repeated attacks to regain the lost village of Cumieres.

Paris in the afternoon officially admitted losses at Haudromont and elsewhere and practically confirmed the German statement which announced decisive gains at practically every point on the Verdun sector.

**Germans Lose 43,000.**  
Unofficial dispatches, however, indicate that the German gains have been made at the cost of thousands of men, estimated in some quarters as high as 43,000 for the week. On the other hand German dispatches put the French losses at almost an equal amount and claim the capture of 850 men at Haudromont quarry.

The mighty artillery duel which rages night and day over the entire Verdun front has made it impossible to remove the dead and some of the corpses have lain where they fell in fighting a fortnight ago.

To the west of the Meuse, around Hill No. 304 and Le Mort Homme, where the fire of hundreds of German guns has been concentrated for many days, shells have sometimes acted the part of grave diggers, covering the corpses with tons of earth thrown up by their mighty explosions. But too often the bursting steel, falling among the mounds of dead, tears to atoms the corpses, adding to the horror of battle another which is sometimes worse than death itself.

Between the lines soldiers helpless from wounds, have died amidst the fallen, the red cross workers being unable to reach them because of the artillery fire.

**Germans Pay Any Price.**  
That the Germans are willing to pay any price to take Verdun has become fully apparent.

## WILSON GOVERNMENT ATTACKED

(Associated Press)  
Candelario Cervantes, a Villista bandit leader, was killed yesterday south of Cruces after he had made a surprise attack on a detachment of American engineers who were repairing the motor truck road, says a dispatch from field headquarters near Namiquipa.

**Beaten Back to Hills.**  
His end came after he had been beaten back and pursued into the hills, who were reinforced by a detachment of the Seventh infantry. Another Mexican and one American were killed. Two Americans were wounded.

**Fought Ten Hours.**  
Ten American engineers fought off 20 Mexicans an hour before they were reinforced. Cervantes was among the Columbus raiders.

**Second To Villa.**  
Cervantes was "second in importance to Villa" says Gen. Pershing's report to Gen. Funston. The remainder of the gang disappeared.

**Attacks Administration.**  
The policy of the United States in Latin America has been savagely attacked by a government newspaper in Mexico City, which charges that Roosevelt is attempting to foment war and which asserts that Wilson is unable to cope with the "campaign of the republican party."

## WOMEN BARRED FROM COURT

Witness Said He Had Not Planned To Kill Wife, But Might Have Done So.

(Associated Press)  
New York, May 26.—Women were excluded from the court room today when Dr. Waite resumed the stand. When questioned by counsel he denied having planned to kill his wife, but added, "I am not sure I would not have killed her." During cross examination by Prosecutor Brothers he said he did not think he was crazy.

Q—After you took Peck's life you could not sleep, could you?  
A—I slept perfectly.  
Q—You wanted to kill yourself?  
A—Yes.  
Q—Why didn't you?  
A—I made a good attempt.  
Q—You never have been anything but a sneak thief, have you?  
A—That's all.  
Q—You planned Peck's death to win \$2,000,000?  
A—Not that much.

Justice Shearn, presiding, asked Waite if he knew it was wrong to steal, to which he said he did.

"Then I assume you knew, if it was wrong to steal, it was wrong to commit murder."

A—I don't remember.  
Dr. Karpas, an alienist for the defense, testified that Waite told him he intended to kill his wife and that he married her for her money.  
New York, May 26.—Dr. Arthur Warren Waite took the stand in the last desperate effort of the defense to save him from the electric chair for the murder of Millionaire John E. Peck of Grand Rapids.

Waite walked firmly from his seat at the counsel table to the witness chair, placed his hand on the Bible held out to him and took the oath calmly. As he took the chair and faced the jury, however, his face appeared haggard and careworn. The young dentist and confessed poisoner's first statement was that his first recollection in life concerned his being in school at the age of six. His earliest recollections, he said, was a disposition to shirk work.

"Once when I was about eleven or twelve years old," he said, "I was given oats to sow on my father's farm, and threw the grain away."

He told of working on a farm and how he had "cheated" at examinations in school.  
He admitted stealing at the age of fourteen.

**Tells Of Money Thefts.**  
"While working on a Grand Rapids paper," Waite went on, "I stole extra copies and sold them for my own profit."

"I stole money from a schoolmate and at home stole from my father, mother and two brothers. My father told me more than once this was wrong. I do not remember what I told him."

"During a summer vacation I worked for a grocer and sometimes took for the money for the things I sold. I was found out and discharged."

It was evident the defense was seeking to show a craze for money on Waite's part even as a boy, and that this will be held responsible for the poisoning of Peck as a means toward gaining the Peck millions.

The saddest incident of the trial of Dr. Arthur Warren Waite for the murder of his father-in-law, John E. Peck of Grand Rapids, occurred when Warren W. Waite, the aged and careworn father of the accused, took the stand. The sympathy of the throng that filled the courtroom was with him from the start. As he faltered along in his testimony, telling that his son—outwardly the pride of the family—was in his boyhood a liar and a thief, and that these qualities were manifested in early manhood, several women wiped their eyes.

**Face Trouble-Marked.**  
The father's hair is gray and his face is marked by trouble and toll. His hands are those of a man who has worked hard all his life. The giving of testimony was the hardest work of his life—it was given in the forlorn hope of saving the son from death beyond the little green door at Sing Sing prison.

After giving the testimony on direct examination the father was asked: "Did you think your son insane?"

"Not as a maniac. I thought him abnormal," he replied.

Frank and Clyde Waite, brothers of the defendant, testified that he was a quarrelsome boy, a laggard in his studies and dishonest. Frank, who was with his brother in his apartment just after he took sulphonal and tri-ovalin in an effort to end his life said: "Arthur asked me to get him some more drugs."

Washington, May 26.—The acceptance of membership by the United States in the World Court, in which the joint powers would use their armed economic forces to enforce decrees in international peace, was urged today by former President W. H. Taft before the League to Enforce Peace, of which he is president. While he urged the future formation of such a court he refrained from discussing the causes of the present war. ## DEMONSTRATES NEW PLAYER PIANO HERE

VOSE & SONS' PRODUCT ON EXHIBITION AT T. J. MILLER & SONS' STORE.

W. F. Allen of the Vose & Sons' factory at Boston is here for the rest of the week to demonstrate a new player-piano which the well known firm of piano manufacturers has just perfected, the one of the new instruments having been received by T. J. Miller & Sons this week.

The new player-piano is really a remarkable instrument. Because of many improvements made by the manufacturer the operator has absolute and instant control of expression. A new jack-knife pedal dispenses with the jerky bellows action, is much more easily operated and the player has immediate ability to accent any desired chord.

A patented perfected transposing device permits playing any selection in any one of five keys and the single action valve system, with its elimination of hundreds of screws, and other parts, reduces the possibility of leakage to a minimum. The player is one of the finest ever seen in Dixon and under Mr. Allen's expert manipulation reproduces exactly the finest compositions as played by the world's artists.

# SNYDER'S FAREWELL FEATURE OF EVENT

RETIRED SUPERINTENDENT OF DIXON SCHOOL GAVE TALK AT GRADUATION MEET.

## PROGRAM WAS VERY INTERESTING

Large Audience Attended Commencement Exercises At Family Theatre.

An audience which filled the Family theatre to capacity attended the graduating exercises of the class of 1916 Thursday evening and in every way the program was one of exceptional interest.

To most of the audience one of the really interesting features of the evening was the "Foreword," or short address by Supt. W. R. Snyder. It was an address full of helpful suggestions from one who knows and who is disinterested, as Mr. Snyder stated that in this, his seventh annual speech he was also saying farewell. He suggested that an entirely different arrangement of buildings for the schools is needed, that the Illinois Central track is just as dangerous and as inconvenient to cross as the river. A modern school building is needed on the west side. There are but two and one-half blocks between the E. C. Smith and the high school lots. The location of the school buildings present problems impossible for anyone to satisfactorily adjust. Supt. Snyder also stated that it is high time to introduce the kindergarten into the Dixon schools. He then made a resume of a few of the changes wrought since his superintendency of schools here.

## The Stage Setting.

The curtain then rose on the class of '16 arranged in a semi-circle about the stage. The green velvet curtain formed a handsome setting for the white dresses of the young ladies and the black suits of the young men. Each young lady was gown'd in pure white and carried pink roses, while the young men wore a pink bud. The class colors, purple and white, were draped over the stage and caught in the center of the stage with "16" in gold on black over the heads of the graduates.

Rev. E. C. Lumsden invoked the divine blessing and then the High School Glee club, young ladies gown'd in white, sang "The Angel's Serenade," by Braga, and "Sunshine," by Moore, accompanied on the piano by Mrs. Muriel Phelps, the number being heartily applauded.

The class salutatory was given in a masterly manner by Stanley Miller, a young man whose delivery was forceful and his address was brief and earnest. He assured the audience that his class not only realized the importance of graduation, but the importance of commencement, the commencement of the real things in life.

The next number, a solo by Miss Era Manning, "Memories," by Van Alstyne, was very sweetly rendered, and applauded.

## Old Favorite Makes Hit

A scene from "The School for Scandal," the play written by Will Sheridan and ever a favorite, was next given by Miss Ruth Shippert and Leaman Woid, in which they impersonated the old man, Lord Teazle and the young wife, Lady Teazle, and their rendition of the difficult parts was indeed a credit to both. One grew quite interested in the marital relations of the old gentleman and his not-to-be-pleased better half.

After the applause for the number had subsided Messrs. Thomas and Wm. Rock and Wilbur Hoff brought upon the stage a table used in the school laboratory and proceeded to give some creditable demonstrations in chemistry and proving themselves. This proved interesting and gave an insight into the workaday life and reputation of the high school.

Miss Goldie Rice and Miss Florence Rudolph then sang a duet, "Oh That We Two Were Maying," by Nevin, a number that was most pleasing, the two voices blending harmoniously in this ever new old song.

## Prophecy and Valedictory.

The class prophecy was then delivered by Miss Florence Rudolph and was excellently given. She named each member of the large class and the fate some of them reached was deplorable, and some laughable. This number caused much merriment and as is always the case, was hugely enjoyed by the class members, as some

## NURSES GRADUATION AT THE OPERA HOUSE

PUBLIC IS INVITED TO ATTEND COMMENCEMENT PROGRAM THIS EVENING.

## TWO ADDRESSES ON PROGRAM

At 8 o'clock this evening at the opera house occurs the graduation of the nurses from the Katherine Shaw Bethea training school. A class of three will graduate—Miss Emma Matzinger, Dixon; Miss Anna Winkler, and Miss Ruth Holly, of Sterling.

Among the sweet girl graduates there will be none to appear before the Dixon public who are graduating with a nobler purpose, that of alleviating the distress of the suffering and none who should merit greater support at their graduation. Simply attired they will be, in the nurse's garb of blue and white with their white caps, but the meaning of the garb—personal sacrifice—should make a greater appeal than the filmy white of the high school graduate or the college graduate's gown and mortar board.

Dr. Curtis of Chicago and Dr. Collins, pastor of the First Methodist church of Sterling, are interesting speakers and the addresses of the evening, which are to be made by them, promise much of worth. The musical part of the program will also be excellent.

The Dixon hospital would like to be assured of the support of local people by a large attendance at this evening's graduating exercises.

In honor of the graduates, the hospital board will entertain with a banquet at the Nachusa Tavern Monday evening, the other guests including the doctors and their wives, the husbands of the members of the board, and the superintendent and other members of the hospital corps.

# YOUNG MAN KILLED BY BELT AT CEMENT PLANT EARLY TODAY

HENRY MCCARTY, AGED ABOUT 26, BRUTALLY CRUSHED IN ACCIDENT.

## NO ONE WITNESSED MISHAP

Inquest Was Held This Afternoon—Burial At Former Home In Oglesby.

Henry McCarty, aged about 26 years, was instantly killed at about 6:30 o'clock this morning while at work at the Sandusky cement factory east of this city, when his clothing became caught in a belt and he was carried to the ceiling where his body was pounded against the timbers until nearly every bone was broken.

Both legs and both arms were broken, several ribs were fractured, the flesh was stripped from his left leg, two bad scalp cuts were inflicted and the unfortunate man was also crushed through the abdomen.

## Inquest This Afternoon.

The remains were brought to Mrs. Jones' morgue, where Coroner Stephan held an inquest this afternoon. The unfortunate young man came to Dixon from Oglesby to take a position in the local cement mills and was well liked by all of his companions.

## Accidental Death

The jury: Charles Slain, Floyd Lambert, Ed Franks, William Krohn, Fred Eall and Harry Wheeler, returned a verdict of accidental death. There were but two witnesses at the inquest, neither of whom had seen the unfortunate young man meet his end.

Charles McCarty, father of the victim, arrived in the city this morning, and will take the remains to Oglesby tomorrow, where burial will take place. The young man is survived by his parents, three sisters and one brother. He came to this city about eight weeks ago, making his home with his sister Mrs. Michael Nolan and husband.

## EARLY SETTLER IS CALLED TO REWARD

CHARLES KRUG, WHO CAME IN 1853, FROM GERMANY, DIED IN DIXON THURSDAY.

Charles Krug died Thursday evening at 8:15 at the home of his daughter, Mrs. George Carbaugh, at the age of 82 years, 6 months and 19 days. Sunday, and from Dixon the remains will be taken to Ashton, where burial will take place from the United Evangelical church at 10:30 o'clock. The service here will be in charge of Rev. John Divan and in Ashton Rev. J. G. Eller will officiate.

Mr. Krug was born in Germany and came to this country in 1853. For a number of years he resided on a farm in Bradford township, this county, later moving to Ashton where he and his wife resided until her death about nine years ago, when he came to Dixon to make his home with his daughter, Mrs. Carbaugh. Three other children are left to mourn his loss, Mrs. Benjamin Gagstetter of this city and Conrad C. and Henry of Ashton; also eight grand children and three great grand children survive.

MINNEAPOLIS.

Minneapolis is the American mecca of scenic features, including the Falls of St. Anthony, the city in the fur coat belt of this country. It is situated in the middle of the cleared section of Minnesota, and the names Olson and Johnson take up a third of its city directory. English is spoken freely in all of its public schools.

Minneapolis is a city with a duty. It welcomes the arriving wheat from the great Northwest and introduces it to the flour barrel from the great South. It has more flour mills than any city in the world. Over fifty years ago, the late Mr. Pillsbury, whose name is as familiar in Minneapolis as Mr. Armour's is in Chicago, took hold of the Falls of St. Anthony, which were then in a wild and uneducated state, and taught them to turn grindstones. They have been doing it ever since and have become so tame and conventional that they are of no use whatever for touring purposes. But they grind so much flour that Canada has had to be put under the plow to keep them busy, and they have caused Minneapolis to point with pride to her bank deposits. The falls are produced by the Mississippi river, which leads an irregular and nomadic life up to this point, but settles down after getting over them, and becomes navigable clear to the gulf.

Minneapolis is finely equipped with lakes, waterfalls, canyons and other

### ROCHELLE

Rochelle, May 25—Mr. and Mrs. Michael Real of Sterling, announce the approaching marriage of their daughter, Miss Marjorie, and Mr. Arthur Tigan, of Rochelle, which will be solemnized during the early part of the coming month at St. Mary's church in Sterling. The announcement of the coming nuptials will be received with pleasure by the many friends of the couple in the two cities.

Miss Real is prominent among

the young people of St. Mary's parish. For the past year she has been employed at the J. K. Chesler store severing her connections there a week ago to prepare for her wedding.

Mr. Tigan graduated from Rochelle high school in the class of 1908. Since his graduation he has been employed as a city mail carrier.

The Memorial Day exercises which will be held Tuesday, May 30, will be in charge of the Spanish-American War Veterans. The speaker

of the day will be Hon. R. H. Peterson, of Chicago. Miss Anna Turkington and the Ladies of the Grant Circle will have charge of the program to be given in the Presbyterian church immediately following the decorating of the soldiers' graves at the cemetery.

Assembly will be sounded at 1 o'clock sharp. The line of march will be composed of the Lafayette band; the firing squad; the troops of boy and girl scouts in uniform; public school children; the fire truck followed by the veterans and the ladies of the Grant Circle in automobiles.

Rochelle, May 24—Considerable work is being done to drain off the surface water throughout the city by putting in culverts and directing the course of the water with ditches. The unnecessary electric light poles are also being removed. Heretofore it has been the plan to place are lights at intervals of two blocks. These are being replaced by a large incandescent light at each street intersection. The appearance of flowers planted and cared for by the school children in vacant lots is contributing to the civic beauty.

Mrs. Charles King was called to Colorado by the serious illness of her son, Carson Eby, Monday morning. Mr. Eby who lives near Boulder is suffering from blood poisoning of the throat.

Mrs. Charles Bushnell Davis and son, "Junior" of Indianapolis, came Tuesday to visit her sister, Mrs. Harvey J. Phelps, and other Rochelle relatives and friends.

Jay I. Carpenter of Chicago, spent Tuesday evening with Rochelle friends.

John E. Cross, county superintendent of schools, was over from Oregon on Tuesday.

The Burlington road is still working on the proposition to obtain the right of way for a double track from Steward to Flag Center to handle the extra business that accumulates upon this section of their line. The C. M. & St. Paul uses the main line of the Burlington for this distance and is the cause of the congestion.

Rochelle, May 23—The Caron spinning Mills started operations Monday. The company has greatly hampered by the car congestion in the east. The machinery could not be shipped for some time after the orders were placed. An eastern expert has been assisting Mr. Cusworth, superintendent of the woolen manufacturing for drawing, twisting and spinning; and A. O. Carol, the mechanical manager; in training the various machines.

Only 5 or 10 girls were employed at the start. They will be given after which the number will be increased to at least fifty. A 90-horse power engine with an electric voltage of 250 volts furnishes the power. The product of the mills is to be pure wool and permanently used in the manufacture of sweaters. The various operations to which the yarn is submitted are: gill boxes; drawing frames; reamers; rolling, spinning, and twisting frames; boning, and keeling. The sales department is to be entirely managed from the Chicago office.

It is the intention of the Caron Spinning Mills to greatly increase the plant in the near future. They anticipate installing a complete carding plant with a combing, washing, and bleaching machine. This will necessitate a 250 to 300 horse power engine. These additional processes will house the wool in every stage from the sheep to the weaver. When the plant is in full swing it is expected to employ 50 men and from 200 to 300 girls.

The company will make it a special effort to treat their employees with much courtesy and respect that they will remain permanently in their employ.

May 25—Rochelle slaughtered Oregon in a return game in the Co. County league staged at the county seat yesterday afternoon by a score of 19 to 1. Rochelle has won five games straight. Smith started the game for the local high school men to rest Maxson who was nursing a sore arm. He walked three men due to the fact that he hasn't worked this year and was unable to control his curve. Maxson went in in the second, walked one man, registered thirteen strikeouts, and allowed but two hits. The locals found Johnson for 7 two-base and 1 car a base hit. Johnson struck out 5 men. Johnson gave one free transportation. Franklin plays here Saturday. Comstock will pitch.

The score by innings:  
Rochelle: 0 6 1 0 1 0 7 1 3—19  
Oregon: 0 1 0 0 0 0 0 0—1

personal trait or characteristic is generally touched upon.

After the class prophecy, Eugene Cahill delivered the valedictory for the class, "The Onward March of Humanity." Mr. Cahill certainly proved his ability as an orator, for his presence was excellent and his delivery natural and unaffected and he took his audience from the time of the Egyptians hundreds of years before Christ down almost to modern times, in the evolution of the history of the world.

In closing, he said that he and his classmates realized that the past had made the present and that the present would make for futurity, and that each generation was trying to live so as to make the burdens of the next easier to bear. He closed with a farewell to his class and teacher and to his audience.

A charming vocal solo was then given by Miss Gladys McGrath, "When the Winter Turns to Spring."

In the presentation of the class of 1916 to a member of the board of education, Dr. Murphy, Prof. Booher made a stirring and interesting address to the graduates. Concentration

### Alkali Makes Soap Bad For Washing Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulled coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

A good salesman can sell a poor article—a poor salesman can sell the JANSSEN Piano. Because, owing to its general goodness—it will sell itself.

The best thing we ever did in business was to secure the agency for the JANSSEN Pianos.

On Thursday evening, May 18th, Mr. James F. Lynch complimented Mr. and Mrs. George J. Allen of Dubuque, Iowa, with a handsomely appointed dinner at seven o'clock at the home of their mother, on Jones street, Amboy, in honor of the twentieth anniversary of their marriage. Miss Mary Leddy of Anacostia, Mont., an aunt, who served the wedding breakfast twenty years ago where the wedding took place, assisted by Miss Mary Leddy and Mrs. John Lynch in serving on this happy occasion. The table decorations were pink and white carnations and ferns. The parlors were decorated in potted ferns and lilacs. The guests were Mr. and Mrs. John Curtin, Mr. and Mrs. Edward Underwood, Mr. and Mrs. John Dempsey, Mr. and Mrs. Dan Riley, Mr. and Mrs. Arthur Edwards, r. P. P. Leddy and niece of Perry, Iowa.

The Ladies of the G. A. R. Circle, No. 73, will hold their Memorial service in the Methodist church Sunday evening. All members are requested to meet at the hall promptly at 7 p. m.

**N. D. H. S. Alumni Banquet**  
On the 9th of June, members of the North Dixon Alumni Association will gather at Kindergarten Hall to hold their annual meeting. Supper will be served by the North Side Ladies.

As the years advance, the Alumni association should and does have a stronger hold and place in the affections of its members. It represents a condition since passed for many and enables through its peculiar functions to freshen in the minds of old North Dixon students the memories of the well-beloved past.

The program will be mixed. Interesting and eloquent speakers will enliven the hearers.

All members of this association are most earnestly requested to be present and to let nothing interfere with the attendance on this or Friday evening, June 9th. It may happen some of the members have not received invitations. This has been an oversight as the record is very incomplete, but all former graduates from the school are to consider themselves invited.

**Entertained Aid Section**  
Mrs. Lawrence Sheets pleasantly entertained at her home on 613 Crawford Avenue Thursday afternoon the members of her section of the Grace church Aid society. The afternoon was spent in sewing and in enjoying a short program of readings given by Miss Dorothy Helmick of Kansas City, and the hostess little daughter, Nellie. Some business was transacted and the afternoon was brought to a close after the serving of dainty little refreshments by Mrs. Sheets and the assistant hostesses, Mrs. Frank Bender and Mrs. J. W. Carpenter.

Mrs. George W. Schrock entertained a company of ladies Thursday afternoon at five o'clock tea.

### FRECKLE - FACE

Sun and Wind Bring Out Ugly Spots. How to Remove Easily.

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion, the expense is trifling.

Simply get an ounce of ointment—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength ointment as this is the prescription sold under guarantee of money back if it fails to remove freckles.

**Gave Surprise**  
Mr. Harry McGinnis of North Dixon Avenue entertained the B. & B. Department employees of the Chicago and North Western Railway at a supper. Following the supper a delightful musical was enjoyed, with contributions from the B. and B. Department male quartette. Joseph Peterson acted as toastmaster of the evening and many witty after dinner speeches added to the merriment and pleasure of those present. A motor trip about Dixon ended the evening's enjoyment.

**Double Wedding**  
The Clinton Herald reveals a double wedding of interest to Dixon people. The participants were Miss Gladys George and Cecil Owen, both of Clinton, in the one, and Miss Martha Daugh of Manitowoc, Wis., and Harry Unger, a son of Mr. and Mrs. Lee Unger of this city. The wedding occurred Monday evening at 7 o'clock at the parsonage of St. Paul's English Lutheran church of Clinton, with the pastor, Rev. J. S. Leamer, officiating. The young people were attended by Miss Elsie George and James Tume, the two attendants of Dixon.

The family of Miss George formerly resided here, and after their removal to Clinton she continued to remain here as an employee at the Borden Condensed Milk factory.

Miss Daugh, who became the bride of Mr. Unger, also came to Dixon to be an employee of the same concern. The two brides came to Dixon yesterday to pack their personal effects, returning to Clinton in the evening, where they will make their homes. Mr. Unger is employed by the Iren Cracker Co. of that city. Mrs. Unger also came to visit her sister who soon returns to her home in Wisconsin.

Many friends of the two couples will extend heartiest best wishes.

**Social in Grand Detour**  
The ladies of Grand Detour will hold an ice cream social in the Ladies' Aid Hall in Grand Detour on Thursday afternoon, May 30th, Decoration Day. Everybody is urged to be present and the public is cordially invited.

**Miss O'Kane May Bride**  
The following is a clipping taken from the Harvard Herald and is a comment on the wedding of Miss Fannie O'Kane of Harvard to Will H. Ware of this city:  
Miss Fannie O'Kane of this city and William H. Ware of Dixon were united in marriage last Thursday afternoon at Wheaton after which a few days were passed in Chicago and from Chicago the bridal couple went to Polo to remain several days as the guest of the bride's parents. Mr. and Mrs. Ware will begin housekeeping in Dixon, their future home, where the groom is engaged in business.

**High School Banquet**  
The Seniors and Juniors of the Dixon high school and the faculty participated in a very enjoyable banquet given Wednesday evening at the Colonial Inn, Grand Detour. The trip was made in two large launches. The school colors, purple and white, were used in decorating the hall, where dancing was enjoyed and the banquet table, where were seated between sixty and seventy pupils and faculty. The table was lighted by candles, born by large candelabra ranged down the long table at regular intervals. Bouquets of purple and white flowers—lilacs and violets—were the favors.

**Will Play**  
William Worley and Charles Anderson, piano and drum, will play for the dance to follow the Eastern Star musicale this evening.

**Birthday Surprise**  
Miss Helen Spielman, 1411 West Fourth street, was most happily surprised last evening when a group of thirty friends came to surprise her upon the occasion of her 15th birthday. Music and games whiled away delightfully the evening hours and delicious refreshments were served. Many handsome presents fell to the lot of Miss Spielman, tokens of regard from her friends. The Misses Kimmel of Rochelle were out-of-town guests.

**TRUE PATRIOTISM.**  
Patriotism, like religion, is a matter of service, of lifting others by lifting up ourselves. The flamboyant and boastful sentiment of the day called patriotism is fraud stuff, suited to low brow, spoilsmen and grafters. We hear of it on all sides from men who presume and brag. The haughty kind of patriotism that struts about with a chip on the shoulder and daring anybody to knock it off, is no more patriotic than arson or grand larceny is, and yet much of the current patriotism is of that sort. One can hear quantities of it on the street corners and in political speeches. It is worse than counterfeit money when it is not pure and unselfish. Much of the patriotism these days is so vile that it makes the gutters smell.  
Patriotism is love of country, love of fellow-men, love of honesty, of purity, of decency, of courage, of fairness, and he whose patriotism does not include these is no patriot and should go away back and sit down, when public issues are up. In the nature of things, a grabber, a jingo, or a spoilsman cannot be patriotic.—Ohio State Journal.

**BIRD IS EXPERT BRICKLAYER.**  
Years ago, before houses and barns were as plentiful as they are now, the cliff swallow used to build his home of tiny mud bricks on the side of a rock cliff. The nest-builders find a convenient patch of clay, roll up the mud into tiny pellets and carry them to their nesting site. There they fashion them into a house as skillfully as any bricklayer could do it, rounding it over the top like a roof and leaving a round opening for a door.  
Today the bird doesn't have to find a cliff for his home. A sheltered place under the eaves of a barn will suit him just as well. You'll find more cliff swallows under the eaves than you will in their ancestral castles on the rocks.  
The bird wears a shiny blue-black coat and a brownish-yellow vest. His tail, a reddish-brown, is only slightly forked, which distinguishes him from the regular "swallow-tail."  
Perhaps you have been told that the nest of the cliff swallow is infested with bed bugs, and perhaps you have torn down all the nests you could find to get rid of the pests. This is a common slander against the swallow. The nest contains no insects which can be communicated to houses. On the other hand, the cliff swallow performs immeasurable benefit by destroying many leaf bugs and weevils.  
The only person who does not like golf is the boss of the kitchen for she can never tell what time the head of the house will come to his senses and come home from the links.

# Daddy's Bedtime Story

Ole Shuteyes Smartens Up Little Halmar's Room.

[Adapted from Hans Christian Andersen.]  
The children clapped their hands and cried, "A story, daddy!" So he sat down in his big chair, and this is what he told them: "One night after a little boy, Halmar, had been tucked snugly in his bed and his mother had turned out the light and gone away Ole Lukoie softly crept in and sat down on the edge of the bed.  
"Just listen!" he whispered. "But first of all I'll smarten things up a bit." He held out his wand, and all the plants in the window pots became big trees. Their branches stretched right up to the ceiling and along the walls, so that Halmar's bedroom looked just like an arbor. The branches were covered with flowers, and the flowers were more beautiful than roses. They smelled very sweet, too, and if you tried to eat them they tasted better than jam. The fruit shone like bright gold, and there were buns bursting with plums.  
"All at once the most miserable grumbles came from the table drawer where Halmar's schoolbooks were kept. 'What's the matter?' whispered Ole Lukoie, going to the drawer.  
"It was the slate grinning and writhing about because there was a wrong figure in the sum upon it. The pencil was hopping and skipping at the end of its string, just as if it were a little dog trying to do the sum, but not able to. Then Halmar's copybook was complaining between its covers. There was a row of capital letters down each leaf, with a little one beside it. Next them were letters that imagined they looked like the copy, but were written by Halmar. They looked almost as if they had tumbled down when they ought to have been upright.  
"See how you ought to hold yourselves!" said the headlines, pointing to the copy.  
"Oh, we should so much like to," cried Halmar's letters, "but we're so crooked we can't!"  
"Then you shall have a dose of medicine!" cried Ole Shuteyes.  
"Oh, we don't like medicine!" the letters told him. And they stood up as straight as they could, being made crooked.  
"We can't have any stories while you are so crooked," Ole told them. "I must drill those crooked letters—one, two; one, two!"  
"So he drilled Halmar's letters till they stood up stiffer than any headlines. But when Ole Lukoie went away and Halmar woke up the next morning, there the letters stood in his copybook, crooked as ever."  
"I believe Halmar couldn't write any better than I can," said Evelyn.

## DIXON BOY MAKES GOOD MILE RECORD

PHILIP BAKER MAKES NAME FOR HIMSELF IN NEBRASKA ATHLETICS.

The Boone County Advance, published at St. Edward, Neb., sends an article stating that Philip Baker, formerly of Dixon, now attending St. Edward high school, has made quite a record for himself in the athletic field. At the Tri-county track meet held at Albion, Neb., recently, the regular mile runner for St. Edward was ill and Baker was put in to take his place, although the former Dixon boy had only practiced for the quarter and was hardly in form for a mile run. Baker won the event, however. The following week the St. Edward team went to Lincoln, Neb., to take part in the state meet and Baker won second place. The man who beat Baker lowered the state record by 15 seconds and Baker was only one second behind him, so he also is entitled to the credit he is receiving. His many friends in Dixon will be pleased to hear of his good work.

Mrs. A. J. Myers returned yesterday from Rockwell, Iowa, where she was called by the illness and death of her sister, Mrs. Sarah E. Lyman, who was formerly a Miss Ketterer of this city, where many friends regret her loss.

# The spirit of the maker

*There's not a man in this town, no matter who he may be, or what his business or station, who doesn't feel a special interest in anything that's made in what might be called "the true craftsman spirit."*

YOU'D rather buy and own any article you can think of whatever it may be, that somebody made with honest, painstaking care; with the idea of doing the work as well as it could be done; with the real creative spirit of the artist who is his own severest critic, and who sternly keeps himself up to his own standards of quality, rather than to the measure of will it sell? You'd much rather, we say, buy and have such merchandise than goods that are turned out in quantity, "to sell."

Now making clothing is one of the lines of production in which quantity of product doesn't destroy the personal element in production. The best clothes can't be turned out by the thousands, like automobile parts, or common chairs, or lamp chimneys all alike. The best clothes must have the personal touch.

That's the way our  
**Hart Schaffner & Marx**  
clothes are made.

The true craftsman spirit pervades the work; the designers are artists with creative ideas; the tailoring done by countless hands, is still inspired by the leading and master idea of doing the work as well as it can be done "for our own sakes," rather than "for sale." The inspecting of the finished work is done to be sure that all the process has been kept up to the standard.

It isn't strange under these methods, that Hart Schaffner & Marx "guarantee satisfaction" to the wearer. They couldn't do less and keep their own self-respect.

It follows quite naturally that in the matter of all-wool fabrics, of fast color dyes, of perfect tailoring; of durable service, of the correct fit, they say---they are bound to say---your money back if you want it.

**We say it, too, because we're selling  
the clothes in the same spirit.**

### A Sure Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

## GOOD WORK FOR SICK WOMEN

The Woman's Medicine Has Proved Its Worth.

When Lydia E. Pinkham's remedies were first introduced, their curative powers were doubted and had to be proved. But the proof came, and gradually the use of them spread over the whole country. Now that hundreds of thousands of women have experienced the most beneficial effects from the use of these medicines, their value has become generally recognized, and Lydia E. Pinkham's Vegetable Compound is the standard medicine for women.

The following letter is only one of the thousands on file in the Pinkham office, at Lynn, Mass., proving that Lydia E. Pinkham's Vegetable Compound is an article of great merit as shown by the results it produces.

Anamosa, Iowa.—"When I began taking Lydia E. Pinkham's Vegetable Compound I suffered with a displacement, and my system was in a general rundown condition. I would have the headache for a week and my back would ache so bad when I would bend down I could hardly straighten up. My sister was sick in bed for two months and doctored, but did not get any relief. She saw an advertisement of your medicine and tried it and got better. She told me what it had done for her, and when I had taken only two bottles of Lydia E. Pinkham's Vegetable Compound my head began to feel better. I continued its use and now I don't have any of those troubles."—Mrs. L. J. HANNAN, R.F.D. 1, Anamosa, Iowa.

said Ira R. Titus and now the property of his estate in bankruptcy; that said interests in said stock will be sold together so as to vest in the purchaser the title to the whole thereof; that said stock will be offered for sale as a whole and also in lots of five (5) shares and ten (10) shares each.

Terms of sale: 25% of the amount bid to be paid in cash on day of sale and the balance on the approval of the Trustee's report of sale by the court.

## How the French Invest

The French have long been known as the shrewdest investors in the world. In France people of small incomes buy a few shares of stock, or bonds, and pay for them in easy monthly installments.

Some time ago this plan was introduced in America and already over 30% of the Stock Exchange transactions are in "odd lots." This shows how safe and profitable people of small income find this method of saving and investment.

You may buy one share or more, and terms of payment may be arranged according to your income. Reliable information about any security provided by our Statistical Department.

**BACKING UP PROOF**

THE KIND THAT DIXON PEOPLE CANNOT DENY

Many an earnest Dixon man or woman has publicly endorsed Doan's Kidney Pills.

Week after week, month after month, you've read their statements. Would these Dixon people recommend any medicine if it were not good?

Would they confirm and repeat their statements after years had passed? Local proof is good evidence.

Testimony confirmed years after is better evidence.

The following Dixon man's statement leaves no room for doubt.

It must convince every kindred sufferer who reads it.

If your back aches—if your kidneys are weak—profit by Mr. Walford's experience: W. Walford, blacksmith, Peoria Ave., Dixon, says: "The kidney secretions were irregular in passage. My back ached too. I used several boxes of Doan's Kidney Pills and the pains left my back and my kidneys became regular in action." (Statement given May 21, 1912.)

**NO TROUBLE SINCE**

On January 21, 1915, Mr. Walford said: "I have had no kidney trouble at all in the past few years and I give the credit of my cure to Doan's Kidney Pills."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Walford has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.
